STHEMBISO MAMETJA

📞 +27711173432   @ mametjaperseverance@gmail.com
📍 329 Ketjen Street Pretoria West

SUMMARY

My in-depth knowledge of Java and its ecosystem, combined with front-end development skills using frameworks like Angular and React, make me an excellent fit for a Java Full Stack Developer role. I have a proven track record of creating scalable and user-friendly applications. My familiarity with agile development practices, along with problem-solving abilities and attention to detail, ensure high-quality and timely project deliveries.

SKILLS

HTML & CSS · Java · JavaScript · Springboot · Java EE · Java SE · Maven · React.js

EXPERIENCE

Java Development Learner   09/2023 - 09/2024
Geeks4Learning
